ASSIGNMENT-2

NAME: Shaikanwar

DONUT CHART:

This donut chart represents the **distribution of total sales across different customer segments** such as Consumer, Corporate, and Home Office.
It highlights the **contribution of each segment to overall sales**.

AREA CHART:

The area chart shows the **month-wise profit trend across different customer segments**.
It helps in understanding **seasonal variations and segment-wise performance over time**.

TEXT TABLES:

The text table provides a **detailed numerical summary of revenue for each category and sub-category**.
It is useful for **quick comparison and exact value reference**.

HIGHLIGHTED TABLES:

The highlighted table displays **profit values by sub-category across different quarters** using color intensity.

It helps to **quickly identify high-profit and loss-making subcategories**.

WORD CLOUD:

The word cloud visualizes **sub-categories based on their profit contribution**, where larger words indicate higher values. It provides a **quick visual insight into top-performing and lowperforming products**.

FUNNEL CHART:

The funnel chart represents **sales performance across different customer segments** in decreasing order.
It helps to analyze **which segment contributes most and where drop-offs occur**.

WATERFALL CHART:

The waterfall chart shows the **cumulative profit contribution of each sub-category**.
It clearly illustrates **how individual profits and losses impact the overall profit**.
